Bankrupt's Petition for Discharge, in the matter of VINCENT A. NEGRINI, Bankruptey

To the Hon. John A. Peters, Judge of the Dis-trict Court of the United States for the District of Maine: of Maine:

VINCENT A. NEGRINI of Rumford; in the County of Oxford, and State of Maine, in said District, respectfully represents that on the 25th day of November, last past, he was duly adjudged bankrupt under the Acts of Congress relating to Bankruptoy; that he has duly surrendered all his property and rights of property, and has fully compiled with all the requirements of said Acts and of the orders of Court touching his bankruptoy.

Wherefore he prays, That he may be decreed by the Court to have a full discharge from all debts provable against his estate under said bankruptoy Acts, except such debts as are excepted by law from such discharge.

Dated this 23rd day of August, A. D. 1923.

VINCENT A. NEGRINI, Bankrupt.

Here and There.

A man died in Portland last week, wh filled an important place in the work and yet was not generally known. Tha man was Thomas Bird Mosher, an editor and publisher of rare books. Not only was the copy most carefully prepared but the printing and binding, so that Mosher books became a synonym the literary and mechanical art of publishing. Of course they cost money, but they were rare books exquisitely made. He began this work in 1891. It covered prose and poetry from the editions and sources generally unknown even to lit erary men. In 1895 he began publishing Bibelot. He has published no books since 1915, but at that date he had published fifteen volumes. He was man, having received most of his education in the public schools of Biddeford. his native town, but so highly was his Mrs. William W. Kimball, returned the literary ability considered that he was past week to Washington, D. C. given the degree of Master of Arts by Bowdoin College in 1906. He was a London, the Groller Club of New York, the Authors' Club of Boston, and others. He was a man of rare attainments and and Mrs. Chas. I. Dances and dancing are making a l of trouble. They always have, but th the present time. First comes the president of the University of Maine. He says his boys and girls rub cheeks and tome other parts of their anatomy when they dance, which he thinks is naughty and ought to be stopped. It seems he is not the only one who thinks the same way, for even the American Society eachers of Dancing wants somebody invent some kind of device to keep dancers, heads in proper position and their bodies apart, and offers prizes of \$25, \$50 and \$100 for an acceptable device to this end. Well, some kind of a silver-plated, jewel-mounted truss arrangement may be "a thing of beauty any ball rooms if they have to be worn therein. The "bunny hug" still holds the floor.

VAIN TO ASK.

I sat apart in the spacious church While the choir trilled its tunes, And thought to myself how poor they ring Beside the ancient runes.

But one strain caught in my ear and held,
It was a plaintive plea;
"I gave, I gave my life for thee,
What hast thou given to me?" No answer came in voice or chord Nor sound in any key— No answer rests on human lips; "What hast thou given to me?"

They cast their burdens on the Lord, And there they let them lay, His is the load thru time and space Until the Judgment Day!

The law court in Augusts on Friday handed down a rescript in the Oxford County case of Joseph Couture vs. John Gauthier, overruling the exceptions of the defendant. The rescript, which was drawn by Associate Institute Scott Wilson drawn by Associate Justice Scott Wilson of Portland, is as follows: "In case of a general allegation of negligence in an action for personal injuries, any lack of certainty in this respect is a defect of form, and not of substance, and must be taken advantage of by a special demurrer or by motion to make more definite and certain. A general allegation of negli-gence must, therefore, be held good on

New Dance Steps Come Easy

The New EDISON

THE fascinating melody and persuasive rythm of the New Edison dance records will prompt you to try new dance steps without hesitation.

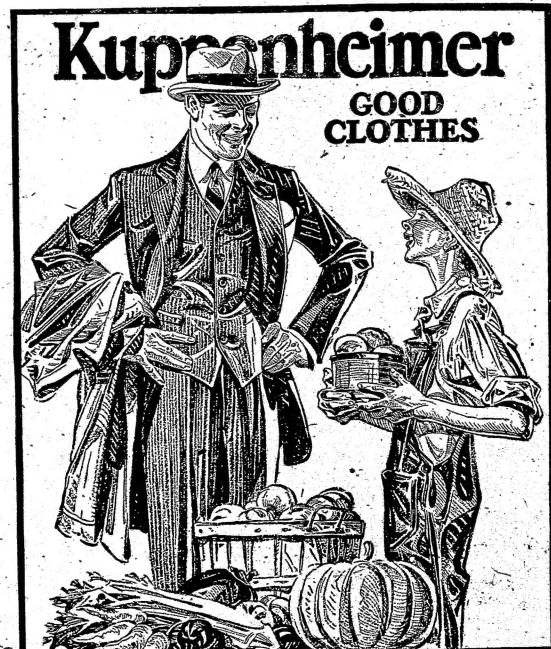

The latest dance hits from the Great White Way are listed among the catchy New Edison one-steps, fox-trots, and waltzes. They are the kind of dance hits that have distinguished Edison Records from the start.

Edison laboratories release their records as soon as manufactured, (not periodically) in order that owners of the New Edison may have the latest and best selections always available. Edison records afford nearly twice as much dance music as do average records. They give 150 lines of music to the inch instead of 90.

Come in today and hear the new dance records.

Wooltex Coats

The New Fall and Winter Styles

Wooltex offers first of all a wonderful group of dressy coats. They follow the slender silhouette that the Parisian woman has already adopted as her own. Mostly, they are of the becoming wrap-around type, closing at the left side, and so, of course, much of the trimming is one-sided, silk stitching, cording, braiding insets of material. The materials in the coats are of the soft, deep-piled type, so warm and luxurious.

WOOLTEX KNOCKABOUT COATS FOR ROUGH WEATHER FOR MOTOR, FOR BUSINESS, FOR LONG WEAR

They offer a remarkable combination of mannish lines, outdoor fabrics-and real feminine charm. There are any number of styles here, too, some more masculine than others, in stunning Fall and winter fabrics, plaids, overplaids and plain. If you are looking for smart styles, for beautiful fabrics and expert tailoring you make no mistake in purchasing a Wooltex. When you have a few spare moments come in and we shall be pleased to show you the

Baked Apples do not mean a dish always the same, for there are numbers of ways of varying this simple dish. The appearance of the finished dish depends primarily on the apple selected. Whatever way the apples are to be baked, they should be firm in texture, the way down from the stem end. Place them in a casserole or any pan that can

be closely covered. Pour over them a sirup made as follows: For every six apples, measure one cupful of sugar and one and one-half cupfuls of water and boil together for six minutes. Cover the apples closely and place them in a 400° F. oven or over a low gas flame, and allow them to cook until they are tender, et firm and unbroken, basting frequent-

When cooked, remove the cover, fil the cavity of each apple with one teaspoonful of sugar, and sprinkle the pared portion generously with sugar. Now place the apples under the flame of the broiler, and if you have no broiler, at the top of a very hot oven for a few minutes until the sugar melts and coats the apples a golden brown. Remove immediately and allow to cool. Chill and erve with plain cream or topped with whipped cream or meringue browned slightly in the oven.

To vary the flavor, the centers may be filled with cinnamon and sugar mixed in the proportion of one-fourth teaspoonful of cinnamon to one-half cupful of sugar. Or the centers may be filled with seeded main part is good, they may be utilized for baking, following a slightly different procedure. Wash, quarter, and core the apples, removing of course any blemishes. For two quarts of quartered apples melt one-fourth cupful of butter. and mix with three-fourths cupful of either white or brown sugar, as you pre fer. Add this to the apples, mixing thoroughly. Now place the apples in a bean-pot or deep casserole and cover closely. Bake in a 400° F. oven for one hour, or until tender and rich in color. Serve these cold with meats.

At the Breakfast Hour. "Out of a good beginning cometh a good ending"—thus runs a familiar proverb. How well this bit of wisdom expresses the spirit with which every housewife should view her breakfast meals! For breakfast launches each and every day, and in planning the family menu, we should never fall to give this particular meal an added bit of thought that it may tempt even the most fickle

Simple though the breakfast may be one should always plan to have a dainty table, well appointed. Attractive breakfast cloths are easily made, and they fruit is invariably included in one's menu, it may be used as a bit of color in the center of the table. A ray of color, whether fruit or flowers, should never be omitted at breakfast.

Most of the work of the world is accomplished on strength partially sup-plied by the breakfast meal, and yet too often business men and women start the day's work fortified with coffee and rolls. A great responsibility falls upon the shoulders of each housewife to plan such meals as will amply prepare her family for their daily work. A need of variety is her biggest problem. The variety of fruit procurable in the fall allows plenty of variety in planning the

result will be most pleasing.
Grapefruit Apple Sauce is particularly appetizing at breakfast time. Cut the skin of one grapefruit into narrow strips of convenient length and soak over-night in cold water to cover. Drain, cover with cold water, bring to the boiling point, drain again, and cover with fresh water. Cook gently for one hour. Pare, core, and quarter enough apples to fill a two-quart dish and add these to the grapefruit peel with two cupfuls of boiling water. Boil for fifteen minutes,
then add two and one-half cupfuls of
sugar and one-half teaspoonful of salt,
and simmer gently for thirty minutes.
For Favorite Toast, served individual For Favorite Toast, served individually, bring one cupful of milk to the scalding point and into it carefully break one egg, poaching as though in water. As soon as the egg is done, remove it to one large slice of toast and add to the milk one-fourth teaspoonful of sugar, one-fourth teaspoonful of salt, one-eighth teaspoonful of pepper and one teaspoonful of butter. Pour this over the egg and toast, and if desired sprinkle a little grated cheese or minced parsley over the

egg.
For Liver Fritters, put one pound o calves liver, two large slices of bacor and one-half a small onion through th and one-hair a small onion through the meat-chopper. Beat one egg slightly, add one tablespoonful of flour, and combine with the meat mixture. Form into small, round cakes and saute in hot fat small, round cakes and saute in hot fat.

For Apricot Marmalade, which is delicious to serve at breakfast time, wash one pound of dried apricots carefully and soak two days in four cupfuls of water. At the end of this time add one cupful of canned pineapple liquor and cook gently for one hour. Then add eight cupfuls of sugar and one cupful of canned pineapple cut in dice. Simmer gently for one-half hour or until the mixture-will "jell" when tried on a cold plate. Pour into clean, hot, sterilized glasses, and when thoroughly set, cover with paraffin.

For Eggs Scrambled with Oatmeal heat one tablespoonful of butter in a frying pan and add four eggs beaten slightly. only average or fair ones.

1. It will tend to drive our factories and shoe-shops out of Maine. It will harass and complicate the Agricultural interests in Maine. It will interfere with continuous employment in every industry in the State. IT WILL DAMAGE MAINE.

2. Only two industrial states in the Union have any such law. Our cotton mills are moving to the South, where they can work SIXTY HOURS A WEEK.

IT WILL MAKE IT IMPOSSIBLE FOR MANY INDUSTRIES TO EMPLOY WOMEN AT ALL. Where there are certain seasons of RUSH WORK, as in shoe shops, in which women are largely employed, it is essential that women have the right to work extra time. They can not do so under this law. If they do so they are liable to punishment. They are certain to be displaced by men as they have in Massachusetts to so large an extent.

4. The present hour-of-labor laws are reasonable and work no hardship. THERE HAS NEVER BEEN ANY COMPLAINT ON THE PART OF WOMEN.

5. The passage of such a law for Maine is a DISCRIMINATION AGAINST MAINE INDUSTRIES, in favor of other states.

6. Any such law when passed should apply to ALL STATES ALIKE, not to a state whose industries are slipping and whose struggle in competition is weakened by distance from market; extra freight and shipment rates and cost of coal and materials.

7. WOMEN SHOULD HAVE AN EQUAL CHANCE WITH MEN TO EARN A LIVING. The foundation of the proposition to limit them and not limit men is weak; the proposal is unjust. "GIVE THE GODDESS OF LIBERTY A MAN'S CHANCE."
